

PUTTING ACADEMICS INTO ACTION

FUNDING OPPORTUNITIES: \$90M

Through our Centers, our faculty and students work in communities across North Carolina, throughout the United States and around the world to put into practice what they learn in the classroom. With your continued support, we can expand the activities that our students and faculty are involved with and create a larger impact.

At the Kenan Institute of Private Enterprise, we put academics into action with a focus on entrepreneurship, economic development and global business. Our Centers of Excellence engage faculty with the critical education and research needs related to energy, family business, health, real estate, sustainability and leadership.

Each of our Centers has funding opportunities to support faculty excellence, graduate fellowships, and programs and outreach that will further that Center's influence and provide opportunities for continued innovation and impact.

UNC KENAN-FLAGLER CENTERS OF EXCELLENCE

- Kenan Institute of Private Enterprise
- Wood Center for Real Estate Studies
